the effects of youthful follies or
indiscipline, will do well to avail themselves of this, the greatest boon ever laid at the altar of healing humanity.

NO. 11 KEARNEY STREET, RENO, NEVADA.

For every case of Seminal weakness or
private disease of any kind or character
which he undertakes and fails to cure.

MIDDLE-AGED MEN

There are many at the age of thirty and

sixty who are weak, with too frequent

evacuations of the bladder, often accompa-

nied by a slight smarting, or burning

sensation and a weakening of the system

in a marked manner, causing a general

weakness. On examining the urinary deposits

aropy sediment will often be found, and

some small particles of albumen will ap-

pear, or a color will be given to the urine

which will remain clinging to a dark and torpid

appearance. There are many men who

suffer from this difficulty, ignorant of the cause,

which is the second stage of seminal

weakness, and for whom a perfect

curer is in all such cases, and a healthy

restoration of the gentle urinary organs.

REFORM THE CHURCH FAIR

The grab-bag, lottery, the diluted oyster stew and the prize cake in which every slice but one is a blank, have at last borne their legitimate fruits, and even genuine religionists

begin to see that it is time to reform the church fair. It had really be-

come a nuisance, to which street beggary and trampism were harm-

less in comparison. When women

and little girls accost strangers on the streets to induce them to buy

tickets for church fairs, the articles

for which are gotten up on charity, on religious zeal or on tick, it is

time to think of the risk to which

the girls are exposed, and of the

reality of the cause that has to be

supported by such means. We ex-

tract the following from a Canadian

paper: Ballot box stuffing is a new

and exciting feature of church fairs.

The custom has been introduced in

Canada. At St. Paul's Church in

Kingston, Ont., on Thursday night,

there was a sharp contest for elec-

tion as the "most popular man"

between Dr. Sullivan and Mr.

Harty. Friends of the former

finally made a rush, seized the box,

stuffed it full of ballots, and carried

away the prize, in spite of protests.

EDITORIAL NOTES.

The merits of a protective tariff have been finely illustrated in the matter of steel rails. The United States can now buy home-made steel rails for \$30 a ton. They cost three times that five years ago. With free trade there would not have been one rolled in America for 50 years to come.

Von Manteuffel, the Governor of Alsace-Lorraine, has ordered the expulsion from Germany of two Frenchmen, one of whom is General Grounel, for omitting the observance of some slight formality in certain official relations with the national authorities.

Immediately after the Christmas holidays, Parnell holds a series of conferences with his colleagues relative to an extensive reorganization of the Irish party in Great Britain and Ireland and to their policy in the forthcoming session of Parliament.

Randall, yesterday morning on behalf of the Commonweal Club of Philadelphia, tendered Speaker Carlisle a reception to be given by that club during January, the Speaker to indicate the date.

The Haytian Government telegraphs the Haytian Minister that Jeremie has capitulated, and advises Jacmel and Miragoane to do the same. Miragoane is asked to capitulate.

It is stated that the Protectionists at Madrid hope to obstruct and eventually defeat negotiations for commercial treaties with England, Italy and the United States.

Arrangements are making great preparations to oppose the Nationalist meeting announced to be held at Dromore, county Down, January 3.

The wires are in trouble between Cheyenne and Omaha, hence our Eastern news to-day is light.

—A match for \$500 a side for the heavy weight collar-and-elbow championship of the world has been arranged between Dufur and McMahon.

—The examining trial of Geo. Milton and Thos. Bishop for the killing of Asa and Jack Beatty, yesterday, is now in progress. It is learned that during the street fight about one hundred shots were exchanged.

—Near Montezuma, there occurred to-day a snow-slide which carried John Hedstrom, John Ahlstrom and John King half a mile down the mountain. Ahlstrom and King have been found, but badly frozen, and will probably die. Hedstrom is still missing, which means dead.

EASTERN DISPATCHES.

[PRESS DISPATCHES TO THE GAZETTE.]

The Buffalo Invincibles.

NEW YORK, December 27.

It has been learned that the Buffalo Invincibles propose to blow up the Canadian Government buildings. Interviews with prominent Irishmen disclosed the objects of the organization. James G. Muldoon, a lawyer, admitted that he was the President of the local branch, and said: "We will try to capture the Governor-General of Canada. He used to be an Irish landlord, and is a fit subject for us to wreak our vengeance upon. We have selected nine who have sworn to do their duty when the order is given.

Threatening Letters.

PITTSBURG, December 27.

Major A. M. Brown, a member of James Nutt's Council, was interviewed last night and stated that Clark Beckenridge was not the only recipient of threatening, anonymous letters. A number of persons of this city who expected to be interested in the trial, either as jurors or active sympathizers of the prisoner, had received similar letters. The object of the writer is clearly to prejudice the case.

Grant Seriously Injured.

NEW YORK, December 27.

General Grant, on leaving home today, slipped upon ice and fell, receiving a severe shock and seriously injuring his thigh. Frederick Grant, his son, says that neither he nor the surgeon could determine whether the injuries were dangerous or not. They say, however, that the limb will be paralyzed for the time being.

The Ohio Rising.

CINCINNATI, December 27.

The river is still rising two inches an hour, with 47 feet at 2 o'clock. No serious inconvenience will be felt unless the water gets above 50 feet. It is not expected now that it will rise more than three feet more. The higher temperature, however, is melting the snow and beginning to fill the small streams.

Fires.

NEW YORK, December 27.

The building occupied by Wood & Co., dealers in tallow, grease and oils, burned; loss, \$32,000. Two firemen were badly injured by the falling floor.

The large carpet store of Han-

berg & Co., of Brooklyn, is burned. The loss will exceed \$100,000; partially insured.

The Work of Time.

NEW ORLEANS, December 27.

Arch Bishop Perche has for some weeks been failing in health. Last night his condition was so alarming that it was deemed imperative to administer the last sacraments. The Arch Bishop suffers more from old age than sickness.

Memories Her.

BOSTON, December 27.

The statue of Harriet Martineau was yesterday unveiled to commemorate her services in the cause of emancipation. Mrs. Livermore presided; Wendell Phillips and William Lloyd Garrison delivered addresses.

Another Slide.

TELLURIDE, December 24.

At noon to-day a snowslide came down Marshal basin, carrying off the shaft house of the Mendota mine, containing 14 men, 8 of whom were killed outright, and two wounded. Four dug themselves out.

JOTTINGS.

About 25 families will receive their friends on New Years.

A furnished house with four rooms is wanted. See 50-cent column.

Reno is full of pretty school marms attending the Institute.

Brooks shipped four carloads of cattle to San Francisco last evening.

The C. P. pay car was attached to the west bound overland this morning.

Halley arrived yesterday with a heavy load of grain from Honey Lake.

Gentlemen's New Year calling and reception cards. Thermometer at 7, 9, 11, 1, 3-40, 46, 48, 52, 50.

Reno Chapter No. 7, R. A. M., and Reno Lodge No. 18, F. & A. M., will install their officers this evening.

Prof. David Robarge, New York, the great horse-shoer, says St. Jacobs Oil is superior to anything he knows of.

From present indications little grains of sand will fly over the year dies, but little drops of water will be scarce until after the 1st.

Holesworth & Fulmer give another dance to-morrow night. Visitors to the State Institute will find it a very pleasant place to pass an evening.

Bob Miller went through yesterday with 200 head of more than average beef cattle for Louis Dean. He had about as many more for other owners.

There are not many places in town so attractive as Osburn & Shoemaker's. They have everything in the best order, and have what any druggist can furnish from New York to San Francisco.

If it be possible to mend your stove, to replace what is lacking, or to furnish you a range to the taste of your wife, Knowles & Barnard can do it. They have experienced tinsmiths and can also do anything in that line.

Lindley & Co., below the GAZETTE office, keep constantly on hand a very large supply of all that is wanted in the general grocery line. They guarantee what they sell and deliver it at your door. Try them and find out the facts.

Pinniger & Queen only ask an examination of their stock and a trial of its merits. You will find that they sell good; and they have this season made a specialty of holiday goods. Try them first and then go elsewhere, if you think it to your interest.

Whoever has purchased at the White House, will be sure to buy there again. Abrahams Bros. are so well-known both by the price and quality of what they sell, that it is superfluous to add words as to the advantage of going there. Buy a suit of them and no further proof will be needed.

A man is usually not a good judge of the articles sold by Levy Bros., but ladies, with one accord, proclaim their goods matchless and prices unexampledly cheap. New the ladies understand all their articles both as to quality and price. Full credence should be given to their opinion.

The indefatigable Nasby has a new lot of goods, having already gotten rid of what he had bought for Christmas. Call in and examine his new stock, his New Years goods and presents. It does not follow that you should neglect his standard goods, for these he has and sells at all times, as usual at lowest rates.

Barnett (whose name is Tom) wants every reader to examine his boots and shoes before buying elsewhere. The demand is reasonable and should be complied with. If he cannot satisfy you that his articles are good, well-fitting and cheap, he has nothing to say. You go and purchase of another dealer.

John F. Myers has drugs, medicines and pure liquors if you need or want them, but at present he especially calls your attention to his hitherto unparalleled stock of New Years presents. He who purchases, without seeing these, will have done himself an injury, and Myers does not like to see anyone harm himself.

John Sunderland is so sure that the quality of his boots and shoes is well understood in this community, that he wants nothing said on the subject. But, it is not so well known that he keeps the very best article of hats and caps, which he desires you to call and see. That is the place to go if you want a hat for yourself or caps for your boys.

Al White has made the Palace what it confessedly is. He is constantly adding to his attractions and will be glad to have teamsters, citizens, drivers, and, in fact, all hands make it their temporary or permanent abode, just as may suit them, and as they find themselves accommodated. No one misses the Palace, and you must not do it.

Prospects of a Crop. The meadows up north are reported as thoroughly dampened by melted snow, and the prospects are excellent for feed during the winter, and for crops next summer.

Sonora Road still open. It is rare at this late season to see the Sonora road still open, yet many persons and a large number of teams have crossed the mountains in December.

TEACHER'S INSTITUTE.

What Was Done To-Day To-Morrow's Programme.

The State Teachers' Institute of Nevada was called to order at 10:20, by State Superintendent C. S. Young. He introduced D. Allen, County Superintendent of Washoe, who gave a cordial welcome to the teachers. Mr. Young then gave an interesting address on the ancient school systems of the world. The methods of Confucius, Xenophon, and Brahma were spoken of, and the training of the Spartans, Athenians, Greeks and Romans explained, together with the moulding effects upon nations of methods employed. Seneca's words on corporal punishment were quoted: "Whenever corporal punishment is inflicted, it is a sign of negligence and indolence on the part of the teacher." The lecturer added that the time was speedily coming when mule-drivers must train mules, not children. The influence of the works of Alfred the Great of England, Charlemagne of France and Mahomet, in the introduction of school systems, were referred to in glowing and eulogistic terms, and a splendid tribute was paid to Martin Luther as the first staunch advocate of governmental schools. The lecturer concluded by echoing the sentiment of the ages: "Educate the people." After the address, the minutes and constitution of the Nevada State Teachers' Association were read and referred back to the committee for alteration. The committee were to add Professor Bray and D. B. Gray to their number. The following committees were then appointed:

On Entertainment of Visitors—Superintendent Bowen, Mrs. Knowlton, Mr. Webb, Miss Gibbs and Mrs. Hailey.

On Resolutions—Professor Bray of Dayton, Miss. M. H. Swift of Gold Hill and Rev. G. W. James of Tuscarora.

On School Legislation—Hon. C. S. Young, the Superintendents of Lyon and Storey counties, Professor Farrington of the State University and the principals of the schools of Carson, Reno, Austin, Gold Hill and Eureka.

On the Programme for the Next Institute—Professors Howe and Foster, and Rev. G. W. James.

The following were the only officers elected: D. Allen, Vice President; Rev. G. W. James, Secretary; Miss Robinson of Gold Hill and Miss Michelson of Virginia, Assistant Secretaries.

Professor Foster will lecture this evening on, "The Character of the True Teacher."

TO-MORROW'S PROGRAMME.

The programme for to-morrow will be as follows:

Address by J. E. Bray, "A model grammar class."

Discussion by Hon. W. H. A. Pike, Hon. W. C. Dovey, Hon. C. H. Allen and Mrs. Hailey.

Address by Hon. C. H. Allen, "Objects in arithmetic."

Discussion by M. Van Wagenen, O. Ring, G. W. Oman, D. D. Bristow and Mrs. H. C. Mygatt.

Lecture by Rev. James, "Music in our public schools."

Discussion by Miss E. C. Babcock, Miss H. K. Clapp and Miss H. M. Atwood.

Address by H. H. Howe, "The best system of grading schools."

Discussion by Hon. C. H. Allen, G. F. Foster, T. B. Gray and S. D. Bristow.

Address by C. H. Allen, "The old and the new in our common schools."

SCHOOLING'S GOOSE.

How the Honorable Senator Was Cheated Out of His Christmas Dinner.

A Long valley farmer sent Hon. Jerry Schooling a big, fat goose a few days before Christmas, and the Senator had made up his mind to carve the short-legged bird about 4 o'clock on that day. He told the Chinaman to feed it all it would eat and dress it Christmas Eve. When the cook went to the coop for Jerry's goose it was gone. Returning to the house, he asked Mrs. Schooling where the goose was, saying "he no sabe." She told him to go to Mr. S.; that he had charge of the goose, and undoubtedly knew all about it. John hunted up the Senator and asked:

"What for, goose he go?"

"Is that goose gone?" indignantly inquired Jerry.

"Yes, he go; mebbe so somebody take um. What you think?"

"I think," said Jerry, "that any one that would steal that goose is a dirty scamp, and unfit to live."

"Me guess so," said John; "you no likey goose; mebbe so you likey beef-steak. Chilismas—what you think?"

"Yes, get steak, and the toughest you can find," said Jerry, as he handed out a big dollar.

"You likey tuff what? for some time me catchum tuff, you heap talkee—you heap give um hell."

"Get out of this shed and don't talk back to me. I'll be blamed if that ain't too bad," was M. S.'s reply to the unhappy cook.

John thought he had better do as he was told, while Jerry returned to the house to hate himself.

PUBLIC BUILDING AT CARSON

The Style of Edifice Called for by Senator Fair's Bill.

In the Senate of the United States, December 4, 1883, Mr. Fair asked and, by unanimous consent, obtained leave to bring in the following bill, which was read twice and referred to the Committee on Public Buildings and Grounds:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that the Secretary of the Treasury be, and is hereby authorized and directed to purchase a site for, and cause to be erected thereon, at the city of Carson, in the State of Nevada, a suitable building, with a fire-proof vault, for the accommodation of the United States Courts, the postoffice and other Government offices in said city, which site shall leave the building unexposed to danger from fire in adjacent buildings by an open space of at least 50 feet, including streets and alleys; the site and building thereon, to be previously made and approved by the Secretary of the Treasury, not to exceed the cost of \$100,000: Provided, That no money to be appropriated for said building shall be available until a valid title to the site selected is vested in the United States, nor until the State of Nevada shall cede to the United States exclusive jurisdiction over the same, during the time the United States shall be or remain the owner thereof, for all purposes except the administration of the criminal laws of said State and the service of any civil process therein.

Fixing for Blockades.

A railroad eating house is now being constructed at the Central Pacific shops at West Oakland, California. It is 100 feet long, 20 feet wide, and 12 feet high in the clear. It contains a dining-room 20x40 feet, capable of seating 80 persons, a kitchen, store room, and waiters and cooks rooms, besides three rooms for the manager and his family. The whole building is made in sections, which can easily be bolted together or taken apart and placed on box cars for transportation to any point on the road where it may be found most convenient to take meals.

Accident to a Nevada.

Henry and Harriet Houston, both well known and well thought of on the C. P., where they have been firing for some years past, and necessary, on account of family circumstances, that one of them should return east. Henry went, and got badly hurt by a train accident near Mount Vernon, Iowa, the flesh being scalded from both arms. He caused his brother to be telegraphed for, who went through yesterday morning to see him.

Call and you will be pleased to see how well he will treat you.

Meeting Notice.

Members of Riverside Lodge No. 20, A. O. U. W., are hereby notified to be at their Hall on Saturday evening December 29, 1883, at 6 o'clock P. M. sharp. A full attendance is earnestly desired as the matter of consolidating with Nevada Lodge No. 5, will be under discussion. By order

MASTER WORKMAN.

Shooting at Carson.

A Carson barber named Borges

emptied a six-shooter on Christmas Day, in an attempt to send a Chinaman to the Melican man's heaven.

The Chinaman took to his heels, and it is not known whether he was hit or not. A little spatter over a far bet caused the trouble.

Convalescent.

Dennis E. McCarthy, editor of the Virginia Chronicle, has been ill for some time, and unable to attend to his duties on that paper. He is now convalescent, and it is hoped that in a few days he will be able to resume the station which he has so long adorned.

Washoe District.

The new mining district near Washoe City is quite lively.

It is said that squatters are numerous.

The original locators are carefully

guarding their claims, however,

and do not fear having their rights

infringed upon.

Seattle.

Deacon Parkinson writes from

Seattle as follows: At this time

business is very dull in Seattle and

very many idle men go about the

streets, and doubtless this will be

the case until April or May next,

so I would advise all who think of

coming here, to pause before starting,

and consider ways and means.

Civilized Squaws.

Several squaws have taken to

using face powder. One went into

Myer's drug store this morning and

bought a quantity. John says he

sells them a good deal of it.

MISCELLANEOUS.

AYER'S PILLS.

A large proportion of the diseases which cause human suffering result from derangement of the stomach, bowels, and liver. AYER'S CATHARTIC PILLS act directly upon these organs, and are especially designed to cure the diseases caused by their derangement, including Constipation, Indigestion, Dyspepsia, Headache, Dysentery, and a host of other ailments, for all of which they are a safe, sure, prompt, and pleasant remedy. The extensive use of these PILLS by eminent physicians in regular practice shows unmistakably the estimation in which they are held by the medical profession.

These PILLS are compounded of vegetable substances only, and are absolutely free from saltpeter or any other injurious ingredient.

A sufferer from Headache writes:

"AYER'S PILLS are invaluable to me, and are my constant companion. I have been a sufferer from Headache, and our PILLS are the only thing I could look to for relief. One dose will quickly move my bowels and free my head from pain. They are safe, simple, and effective. I have never had a cure. It is a pleasure to me to speak in their praise, and I always do so when occasion offers."

W. L. Page, of W. L. Page & Bro's.

Franklin, St., Richmond, Va., June 4, 1882.

I have used AYER'S PILLS in numerous instances as recommended by you, and have never known them to fail to accomplish the desired result. We constantly keep them on hand in our household practice as a plain, safe, and reliable family medicine.

FOR DYSPEPSIA they are invaluable.

J. T. HAYES."

Mexia, Texas, June 17, 1882.

THE REV. FRANCIS B. HARLOWE, writing from Atlanta, Ga., says: For some years past I have suffered from the constipation from which, in spite of the use of medicines of various kinds, I suffered increasing inconvenience, until some months ago I began taking AYER'S PILLS. They have entirely removed the trouble, and have vastly improved my general health."

AYER'S CATHARTIC PILLS correct irregularities of the bowel, stimulate the appetite and digestion, and by their prompt and thorough action give tone and vigor to the whole physical economy.
